STANHOPE SMART.

ANNUAL REPORT, 1889.

THE number of Members of the Association continues to increase slowly, the muster roll being as follows:—Life Members 185, Annual Members 385, total number 570; of the Annual Members 96 paid through the Society's bankers, 215 paid to the Honorary Secretaries, and 74 are in arrear.

It is now twenty-five years since the Association was formed, and many of those who assisted at its birth still take an active part in its proceedings. It is impossible to estimate the impetus given by the Society to antiquarian studies during the past quarter of a century. There being now a permanent body to whom enquiries on any subject may be made, students constantly avail themselves of this means of information, and are either fully answered at once or put into communication with some member of the Society who is believed to be specially conversant with the subject in question. As a printing Society the Council congratulate the Members on the ten handsome volumes of the *Journal* now in their hands, comprising nearly 6,000 pages of matter invaluable to the historian and of especial interest to all Yorkshire collectors. The *History of Hemingborough* has been completed during the past year, and by the kindness of the Rev. Canon Raine, D.C.L., a Vice-President of the Association, has been issued to Members at less than half the published price. The amount of printed matter in the *Journal* has been gradually increasing, and it is feared will have to be reduced in order to restore the accounts to a proper balance. During the first five years of the Society's existence the Council issued 242 pages per annum, in the next four years the amount had increased to 285 pages, and in 1888 and 1889 (whilst the *History of Hemingborough* was coming out) the amount went up to 352. A further comparison will shew that in the first two years 392 pages were given, and in the last two years nearly 704. The Council have a very large reserve of papers ready for publication, and it is a matter of very great regret to them that financial reasons may oblige them to diminish (for a time only it is hoped) the average amount of printed matter supplied per annum.

The Annual Excursion was held at Whitby Abbey, and resulted in a slight loss to the Society. Mr. Hope acted as cicerone with his usual learning and skill, and succeeded in interesting all his hearers in the venerable pile. The thanks of the Council were duly given to Sir Charles Strickland, Bart., for kindly allowing Members to see the ruins, and to Mr. George Buchanan, of Whitby, for his courtesy in so ably assisting the Hon. Sec. to make the necessary arrangements. It is proposed to visit Coxwold and Byland Abbey in July of the present year.

At Whitby a resolution was moved and carried raising the Life Composition from five to seven guineas.

During the past year the Council have had a pleasant correspondence with the Corporation of Leeds, which has resulted in a communication addressed by them to Mr. St. John Hope, with a view to his advising with them as to the mode of dealing with Kirkstall Abbey, of which they have now obtained possession. The Council desire to record their sense of the manner in which this difficult matter has been approached, proving that the Corporation are alive to the fact of their being pioneers in a new departure, and that their proceedings will be watched with great interest both within the County and outside its boundaries.

The attention of the Council having been recently called to certain restorations in two parish churches, they took what steps were possible under the circumstances; in one of the cases they were too late, but in the other it is hoped that due care will be taken to do as little harm as possible.

The Members of the Council who retire are The Venerable Archdeacon Brooke, M.A., Messrs. F. Greenwood, F. Collins, M.D., and William Brown, all of whom are eligible for re-election. The vacancy caused by Mr. Rigge's death will also have to be filled up.

RECORD SERIES.

REPORT FOR 1889

SINCE the last Annual Meeting two volumes have been delivered to the Members, viz., the second volume for 1888 and one of the volumes for 1889. The second volume for 1889, containing the last part of the Tudor Fines, will shortly be in the hands of Subscribers. The issue of Mr. Walbran's Yorkshire Inquisitions has been postponed for the present, the Council having decided to print full abstracts of all the earliest Yorkshire Inquisitions Post Mortem from 1 Hen. III., and to take Mr. Walbran's Inquisitions in their proper order. Mr. J. A. Vincent has kindly undertaken to abstract the early Inquisitions for the Society, and he is now engaged on this work. A volume will be issued to Members from time to time as circumstances permit, and will be edited by Mr. Clay and Mr. Lister. The Selby Chartulary, which as stated in previous Reports is to be issued to Subscribers at the sole expense of Thos. Brooke, Esq., the Chairman of the Council, is now being printed under the kind supervision of the Rev. J. T. Fowler, F.S.A., and it is hoped that one volume at least will be in the hands of Members before the end of the year 1890. In order, however, to give Mr. Fowler more time and to take the place of the volume of Inquisitions which was to have been issued this year, the Council have accepted the kind offer of Mr. J. W. Clay, and will issue as Volume IX. Abstracts of some Yorkshire Wills illustrative of the Heraldic Visitation of Yorkshire by Sir Wm. Dugdale in 1665. These abstracts have been made by Mr. Clay principally from Somerset House, but a few York Wills will be added, and the volume will be enriched with genealogical and other notes by Mr. Clay, who has kindly undertaken the editing.

The Council have also received from Mr. Wm. Brown the transcripts of Subsidy Rolls mentioned in the Report for 1887, and hope to print them in due time, feeling sure that under Mr. Brown's editing they will form an interesting and valuable volume.

During the last three months a special effort has been made to raise the sum of £200 which was necessary to enable the Council to obtain the two conditional donations of £50 each, which were stated in last year's Report to have been promised towards the fund for indexing the York Wills. This effort has been successful, and a sum of £236 18*s*. has been raised, making with the two sums of £50 a total of £336 18*s*., of which £202 17*s*. have been paid. A list of the subscriptions is appended to this Report. The Council would impress upon Members that further subscriptions are still necessary to enable the Index to be completed to the year 1750, as is proposed. The Secretary and Members of the Council have made many applications for subscriptions by letter and personally, but no doubt many members who are willing to give have not been applied to simply for want of time and opportunity. It is hoped that those Members will at once send their donations to the Honorary Secretary, and so help to raise the fund to at least £400.

Encouraged by the success of the Wills Fund the Council are now arranging for the engagement of a person competent to continue the indexing, so efficiently and well commenced by Dr. Collins. That invaluable friend of the Society will hand over to his successor material sufficient for the first half of another volume, and he has increased the Society's indebtedness to him by offering to see the volume, and all the following volumes of the Index, through the press. The Council take this opportunity of once more expressing their thanks to Dr. Collins for all his services. It is not too much to say that he has been the means of establishing the Record Series, and that but for him it could not have been started.

The number of members is about the same as last year. Several new members have joined, but the apparent increase has been counterbalanced by deaths and resignations. The Council regret that the older members continue to drop off, apparently because they find the publications of the Record Series not so light and entertaining as they appear to have expected. It should be borne in mind that some public spirit is required for the support of this branch of the Society's work, which was established not for the purpose of providing entertaining reading, but for the purpose of assisting antiquarian and literary inquirers by the publication of documents and indexes of documents which are not

easy of access. The use made by such inquirers of the publications of this Series will in the long-run prove beneficial to the general public, and it is therefore not unreasonable to hope that those of the general public who are connected with Yorkshire will support this Series by their subscriptions.

The Balance Sheet showing the receipts and expenditure for 1889 is annexed to this Report.

Some of the Members not having paid their subscriptions for 1889, the Council beg to call their attention to the rule—that no volume can be issued to anyone whose subscription is in arrear.
